Summary

Green Tamil Nadu Mega Plantation Mission Programme

The NSS Units of Marudhar Kesari Jain College for Women (Autonomous), Vaniyambadi, in association with the Tamil Nadu Forest Department, Ambur, and the Rotary Club of Ambur, jointly organized the Green Tamil Nadu Mega Plantation Mission Programme on 24th September 2025.

Distinguished Guests and Inaugural Address

The event was graced by the presence of:

- **Sri V. Dilipkumar Jain**, President of Marudhar Kesari Jain College for Women (Autonomous)

- **Dr.M. Inbavalli Principal** of Marudhar Kesari Jain College for Women(Autonomous)
- **Mr. M. Babu**, Forest Ranger, Ambur
- **Mrs. Ramani Rajendran**, Panchayat Union Chairman

Sri V. Dilipkumar Jain, Secretary of MKJC, addressed the gathering and emphasized that tree planting serves not only to beautify parks and gardens but also offers vital ecological benefits, such as reducing heat and promoting environmental sustainability. He encouraged students to actively contribute to maintaining a pollution-free environment. Our chief guest Mr. M. Babu, Forest Ranger, delivered an inspiring message, stating that "Tree plantation is not just an act it is a responsibility, a promise, and a gift to the next generation." His words motivated students to recognize the significance of afforestation and to take an active role in environmental protection.

Plantation Drive at Kailasagiri Hill

As part of the initiative, approximately **500 saplings** including neem, jamun, and Indian beech were planted by **55 NSS volunteers** at Kailasagiri Hill. The students participated enthusiastically, demonstrating their commitment to ecological preservation.

Impact and Message

The programme successfully highlighted the importance of afforestation and underscored the collective responsibility of youth in safeguarding nature. It served as a powerful reminder that environmental stewardship begins with individual action and community collaboration.

Outcome of the Programme

1. The activity encouraged students to take responsibility for protecting and nurturing the environment
2. Improved air quality and oxygen levels.
3. Improved soil erosion control.
