Activity Report

Topic: Workshop on Artificial Intelligence and Machine Learning

Objectives (Input): The Workshop under DBT Star college scheme aimed to provide hands-on experience to outside participants in using Claude AI and other emerging technologies through practical demonstrations and interactive sessions.

- **Organized by:** PG & Research Department of Computer Science and Computing Visionaries
- **Institution:** Marudhar Kesari Jain College for Women (Autonomous), Vaniyambadi
- **Date:** 31.08.2026
- **Time:** 10.00 a.m. to 3.00 pm
- **Venue:** Sri Roop Rajat Seminar Hall
- **Support By:** DBT STAR College Scheme
- **Total No of Colleges Participated:** 09
- **Total No of Students Participated:** (Internal -103, External -190) Total-293

Methodology (Process):

Session 1: Introduction to Claude AI and Academic Applications

Resource Person: Ms. Shanthini M.C.A., Senior Project Manager / Business Analyst

- Ms. Shanthini provided a hands-on introduction to Artificial Intelligence, Machine Learning, and Claude AI.
- Demonstrated the key features and practical applications of Claude AI.
- Provided hands-on training in using AI for academic paper presentations and content preparation.
- Guided students through AI-assisted interview preparation and mock test activities.
- Conducted interactive practical activities to develop communication, presentation, and confidence-building skills.

Session 2: AI for Skill Development and Productivity

- Provided hands-on training on Skill Creator for personalized learning and skill development.
- Demonstrated the practical integration of Claude AI with Gmail and PC for academic and professional activities.
- Conducted hands-on activities focused on productivity, learning efficiency, and task management.
- Guided participants in applying AI tools to their existing knowledge and skills.
- Concluded with a discussion on the effective and responsible use of emerging AI and Machine Learning technologies.

Output:

The Workshop on Artificial Intelligence and Machine Learning, organized by the PG and Research Department of Computer Science and Computing Visionaries, was conducted under the **DBT Star College Scheme**. The programme benefited 103 internal participants and 190 external participants.

Ms. Shanthini, M.C.A., resource person provided hands-on training and created awareness on Claude AI, Artificial Intelligence and Machine Learning applications. Participants gained practical exposure to AI-assisted academic activities, interview preparation, productivity tools, and career-oriented applications. The workshop enhanced their AI knowledge, digital skills, communication, confidence, and productivity, promoting the effective and responsible use of emerging AI technologies for academic and professional development. This program can be mapped primarily to **SDG 4 – Quality Education, SDG 9 – Industry, Innovation and Infrastructure, SDG 17 –Partnerships for the Goals.**

Outcomes:

- Students acquired practical knowledge of Claude AI and gained an understanding of its applications in academic, professional, and day-to-day activities.
- Students acquired knowledge of Skill Creator and AI integration with Gmail and PC, enabling them to perform routine tasks more efficiently and improve productivity.
- Students developed their communication, presentation, problem-solving, and confidence-building skills through AI-assisted learning and practice.
- Students gained awareness of emerging Artificial Intelligence and Machine Learning technologies and were encouraged to explore and apply AI tools for continuous learning and professional development.
