PG AND RESEARCH DEPARTMENT OF BIOCHEMISTRY ORGANIZED SPECIAL MEETING ON HAEMATOLOGICAL METHODS ON 04.09.2018

On 4th September 2018 special meeting was organized by the Department of Biochemistry about 'Hematological Methods' by Mr.K. Hemanth, Radiologist in old seminar hall at 12.00pm, around 146 students participated and their queries were cleared on discussion session.

Reports were analysed from the student's evaluation about the special meeting. The program was rich, and variety of input and wide range of topics, and practical information, were given by excellent speaker. More time was given for discussion and presentation. He encourages to start haematological project work and concrete methods to make. We got a spark to investigate further into the field of haematological techniques.
