Activity Report

Topic/ Subject of the Activity

British Council APTIS Orientation

Objectives (Input)

- To introduce students to the structure, evaluation modules, scoring patterns, and overall format of the British Council's APTIS English language assessment.
- To assist students in evaluating their current English communication capabilities (Listening, Reading, Writing, and Speaking) against global CEFR (Common European Framework of Reference) standards.
- To equip undergraduate students with internationally recognized language credentials to enhance their employability and secure career placement opportunities.

Methodology (Process)

The Placement & Career Guidance Cell and Skill Development Centre jointly organized a two-day Career Guidance Program on "British Council APTIS Orientation". The sessions were conducted on 13.07.2026 (Day 1) at 11:30 a.m. and 14.07.2026 (Day 2) at 02:00 p.m. in the Sri Roop Rajat Seminar Hall for the undergraduate students of the institution.

The program commenced with an invocation prayer, welcome address, welcoming the dignitaries and the gathering. Dr. M. Inbavalli, Principal of MKJC, felicitated the gathering and emphasized the immense value of global language certifications in today's competitive employment market.

The technical orientation was facilitated by Dr. H. Lookman Sithic, Vice Principal & Director, Skill Development Centre, Marudhar Kesari Jain College for Women (Autonomous), Vaniyambadi. During his address, Dr. Lookman Sithic provided comprehensive insights into the APTIS test modules. He detailed the test pattern, question structures, and evaluation parameters, guiding the students on how to prepare systematically. He also shared valuable online practice resources and test-taking strategies.

The program concluded with an interactive session where students actively clarified their doubts regarding test registration, preparation materials, and corporate recognition of the

certificate. The event successfully ended with a formal Vote of Thanks and the rendering of the National Anthem.

The Career Guidance Program aligns with SDG 4: Quality Education by promoting effective language training, global standards, and lifelong learning opportunities. It also supports SDG 8: Decent Work and Economic Growth by preparing students with the vital communication credentials required to excel in professional environments.

Output

- Successfully conducted a structured two-day language orientation program spanning across July 13 and July 14, 2026.
- Provided comprehensive training on standard international English testing modules directly to a large cohort of undergraduate women students.
- Distributed key orientation guidelines, sample question patterns, and digital practice resources to help students prepare for the examination.

Outcomes

- Students will develop a clear and practical understanding of global English language evaluation criteria and standard assessment formats.
- Participants will gain an actionable roadmap to successfully clear the APTIS test, providing them with a distinct competitive advantage in future corporate placement drives.
- The collaborative efforts of the Skill Development Centre and the Placement Cell will be strengthened to further align students' communication competencies with evolving industry expectations, thereby enhancing their overall employability.
