Introduce innovative and student-centered teaching methods 5. Strengthen the implementation of the MoU		
Internal Participants Count	-	External Participants Count	Students : 31

Summary

The active Memorandum of Understanding (MoU) between Marudhar Kesari Jain College for Women, Vaniyambadi, and K.M.G. Arts and Science College for Women, Gudiyattam, and the MoU based Faculty Exchange Programme was conducted on 23rd July 2025. The objective of this programme was to foster academic collaboration between the two institutions, enhance the quality of teaching and learning, and provide students with an opportunity to learn from experienced faculty members beyond their own college.

Three Faculty Members went for the Exchange Programme, Dr. R. Vidhya conducted an in-depth series of lectures for the II M.A. English Language and Linguistics students, focusing primarily on the topic of Morphology, which is a core area in linguistic studies. The session aimed to provide students with a thorough understanding of the structure and

formation of words in the English language. Ms. M. Suba and Ms. S. Samiha Banu from Marudhar Kesari Jain College for Women conducted classes for III B.A. English students on the topic of Myth and Literature. Ms. Suba introduced the concept of myth, its types, and its significance in classical literature across cultures. Ms. Samiha Banu focused on the presence and reinterpretation of mythological elements in modern literature, analyzing works of contemporary authors and encouraging critical discussion. The faculty's insightful presentations and interactive teaching strategies effectively conveyed the importance of myth in both classical and modern literary contexts.

The students responded positively to the Faculty Exchange Programme, highlighting the engaging and clear teaching style, particularly in handling complex topics like Morphology and Mythology. They appreciated the interactive nature of the sessions, which promoted active participation and critical thinking. Exposure to diverse teaching methods offered them fresh perspectives on both literary and linguistic subjects, making the sessions more enriching and relevant to their academic curriculum. Additionally, many students expressed interest in having more such programme in the future and suggested incorporating workshops or group activities to enhance learning experiences.

Outcome of the Programme:

Strengthened academic collaboration between institutions

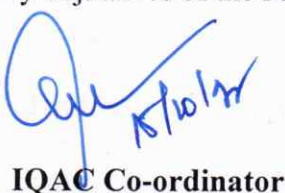

Enhanced student learning through diverse faculty exposure

Facilitated effective knowledge sharing among faculty

Introduced innovative, student-centered teaching methods

Successfully implemented key objectives of the MoU
